

Welcome!

University life is about much more than going to class. It's about meeting new people and creating bonds that will survive well past graduation. You may not remember anything from that 200 level, but you will surely remember the friends you made, and the experiences you shared together. Clubs offer a great introduction to student life. They welcome any student that shares their enthusiasm, while introducing them to student life at Concordia.

The CSU's Clubs Handbook can help you find a group that shares the same hobbies, interests, culture, political beliefs, or religion. If you can't find a club dedicated to something you're passionate about, we can help you create it!

Some people join a club for the parties, events, and activities. Others find a group of people that share their beliefs, and customs. Most admit they wish they had joined sooner, and everyone agrees that CSU clubs provide a great experience for students. If you'd like to learn more about any club or organisation, feel free to contact them using the information found in this guide.

Here's to a great year,

Your CSU team
